

Empathy Map

Date	10 July 2026
Team ID	xxxxxxxx
Project Name	Credit Card Approval Prediction
Maximum Marks	4 Marks

Empathy map for the primary user persona (Bank Fraud/Compliance Analyst) in relation to the fraud detection problem.

SAYS "I need to know within seconds if a transaction is fraudulent." • "I can't manually check every single transaction." "False positives frustrate genuine customers."	THINKS "Is this pattern actually fraud or just an unusual but valid purchase?" "How do I trust a black-box PCA-transformed feature set?" "Will this scale to millions of transactions a day?"
PERSONA: Fraud/Compliance Analyst	
DOES - Manually reviews flagged transactions - Cross-checks transaction history and amount patterns - Escalates high-risk cases to compliance	FEELS - Overwhelmed by transaction volume - Anxious about missing real fraud - Relieved when a reliable tool assists the decision
